

10-STEP QUICK PREP

THE FIRST TEN STEPS TOWARD SUCCESS WITH ALL NOUVEAU NAIL ENHANCEMENT SYSTEMS

STEP 1 • Sanitize both your hands and your client's hands by washing with anti-bacterial soap and misting with **Refreshing Mint Anti-Spray™**. Misting hands with Anti-Spray™ prior to beginning any service enhances sanitation and helps prevent the spread of illness.

STEP 2 • Perform a mini manicure. Begin by pushing back the cuticle area with a **Nouveau Nail Professional Grade Combination Pusher**.

STEP 3 • Remove shine from natural nail using a **Nouveau Nail Premium Washable 100/180 File**.

STEP 4 • If sculpting, apply forms and skip to Step #9.

STEP 5 • If using tips, select appropriate style and sizes of **Nouveau Nail Professional Nail Tips** and adhere to natural nails using **Extra Strength Nail Glue**.

STEP 6 • Cut tips to desired length with a tip slicer and shape with file.

STEP 7 • Apply **Line Eliminator™** across the tip seam and blend with file.

STEP 8 • Remove shine from nail tips with file.

STEP 9 • Remove dust with a clean manicure scrub brush.

STEP 10 • Mist nails with Refreshing Mint Anti-Spray™ to dehydrate and cleanse the nail surface. Wipe dry with an **EZ Gauze Wipe™**. Anti-Spray™ also contains thymol, which helps prevent growth of mold and fungus beneath enhancements.

OPTIONAL STEP • Apply **Extra Strength Primer** to natural nail only, avoiding all contact with cuticle area. Extra Strength Primer is available in both an acid formula and an acid-free formula. This step is highly recommended for clients prone to lifting.
